

Core Values of the Institute

- (1) Self Reliance:** We cater to various vocational skills to nurture a modern outlook, scientific caliber and personal enthusiasm.
- (2) Social Responsibility:** Social Responsibility is one of the central component of our institute. Besides imparting knowledge and skills to the students, we take on discretionary actions in the making and shaping of a culture of social responsibility in society through a legion of activities that adheres to both competitive heeds and welfare of the society.
- (3) Academic Responsibility:** We lay stress on education that leads to beneficial outcomes and learning which can be judged. We strive for unshakeable quality and world class standards of eminence in teaching, learning curricular through numerous disciplines.
- (4) Girl's education:** The strategic development of the girl's education was the prime concern of our founders. They recognized the inequality in the society. To eliminate and rectify this, they thought of educating the feminine gender for the overall development of the society thereby invigorating the nation through empowering them. This is reflected in our vision and mission too.
