Summary of the Activity

The workshop was organized on 4th September 2019 on 'Career in Law, Higher Education, Banking and Insurance at Umiya College.' In the inaugural function the General Secretary of KVC Education Trust Shri Chandubhai Patel, the principal, the faculty members and the students were present.

In this seminar, the speaker discussed the details about career in Law and spoke about various areas of specialization. He explained that due to the changing social and economic circumstances and ever increasing regulatory role being undertaken by the government there is a rising demand for the lawyers. Further, he explained that lawyers are held in high esteem in our society. The speaker focused on various areas of specialization which includes civil law, corporate law, taxation law, labor law, family law, constitutional law, administration and patent law.

In the second session, the speaker discussed that opting for a career in banking is a right choice in today's job market. Moreover, banking jobs are relatively higher paid even at the entry level than many other types of jobs. After graduation, IBPS clerk is one of the most popular Banking exams. The speaker also discussed about Business Accounting & Taxation, Tally, PGDM in Finance, Management in Digital Marketing etc.

In the last session, the speaker explained the students if they wanted to take up insurance as a career, several companies even offer part time jobs to students after higher secondary. The speaker discussed a few more career option in insurance like claims Adjuster, Claims Examiner, Insurance Claim and Policy Processing Clerk, Insurance Investigator, Insurance Sales Agent etc.

The last session concluded with discussion. This workshop was attended by 125 participants. The highlight of the workshop was the speaker's motivation, inspiration and encouragement to the students choose the best career.
