Summary of the Activity

On 13thFebruary, 2020 at our college campus, a workshop on “Strategic Planning for Successful passing GPSC Examination” was organized. In the inaugural function the principal and the faculty members along with the participants were present. In the opening session, the speaker discussed about the candidates’ eligibility for GPSC Exam.

In the second session she shared tips for the preparation of Competitive Exam. She further discussed that the test aimed at assessing the teaching and research aptitude. The candidates were expected to possess and exhibit cognitive abilities and to have a general awareness and knowledge of sources of information which includes Teaching Aptitude, Research Aptitude, Reading Comprehension, Communication and Mathematical Reasoning.

In the third session, she asked to follow a proper strategy and timetable for all the sections of question papers. She insisted to improve speed and accuracy to solve previous years' papers and to focus on weaknesses and spend more time to improve the mistakes.

In the concluding session, the participants had an interaction with the speaker. The workshop was attended by 140 participants. The highlight of the workshop was the speaker who shared her views and imparted her knowledge.
